Hills Solar

Dear Marc

Re: Solar Panel installation

I would like to convey my thanks to you and your company for the professional manner in which the whole process was handled. From the first discussion , with my many technical questions answered , to the installation was all handled flawlessly.

I am involved with property development and have to do with many so called professional people who can learn a lot from you. I am also very particular that a job is done correctly and neatly and you delivered on all levels.

I will recommend your company to anyone who wants a solar solution.

many thanks

Marco den Bakker
